CLUB MEN FIGHT FIRE IN BIG HOUSE

Paintings and Art Objects Saved When
Residence of Samuel Y. Heebner
Was Damaged at Chestnut Hill.

Oil paintings, statuary and antique furniture valued at thousands of dollars were saved from destruction by fire in the home of Samuel Y. Heebner at Highland and Seminole avenues, Chestnut Hill, Wednesday afternoon through the valiant work of club men and women, members of the Philadelphia Cricket Club, who fought the flames and removed the objects out of the house before the reach of the fire. The loss is estimated at \$12,000 or \$15,000.

The fire started on the third floor of the house and was confined to that part of the mansion. It is believed to have started from a painter's torch. Miss Julia Heebner and her mother were the only ones in the house at the time, with a number of servants. From the lawn she saw the flames leaping high above the roof and telephoned to the local fire company.

After giving the alarm to the fire companies Miss Heebner telephoned to her father, Samuel Heebner, who was at a luncheon given by Mrs. Ellis Ames Ballard to members of the Kettle Club, of the Philadelphia Cricket Club. He immediately jumped into an automobile, accompanied by other members of the club and made a quick run to his home.

A number of members of the club were engaged in the game of golf on the links and when they heard that fire had started in Mr. Heebner's house, they deserted the links and piled their automobiles and also made their way to the house, where they rendered valuable assistance in carrying out valuable articles.

After a hard fight the firemen put out the blaze.

Until the house can be made ready for occupancy Mr. Heebner and his family will reside in the home of his sister, Miss Julia Heebner, on Summit avenue.

WYMCOTE BOY BITTEN BY MAD DOG

Policeman Kills Rabid Animal—Boy Sent to New York for Treatment—Other Dogs Bitten—Residents Are Watchful.

The citizens of Wymcote have been this week suffering from a mad dog scare. The dog was the property of Mr. Perri, of Cliff avenue, and was acting in a suspicious manner when Chief Lindsay, of the Cheltenham police, was notified. The dog, a handsome spotted coach animal, and a great pet, was acting so queerly that it was feared something was wrong. After considerable search by the police, Officer Hamilton found him crouching on a porch on Mather avenue, and shot him. His head was sent to the University Hospital, Philadelphia, and a clear case of rabies was reported.

The dog, however, had bitten a little three-year-old boy, of Mr. Perri, and Dr. L. S. Watson, of Jenkintown, was called in and took the boy to a New York hospital for treatment for prevention of hydrophobia. Hamilton has shot a fine bull dog of Mrs. Matterson and a dog on Wednesday belonging to Mr. Spaulding. It is feared other dogs have been bitten and residents are watching stray canines with suspicious eyes.

FARM AND GARDEN SCHOOL FOR WOMEN

Pennsylvania School of Horticulture Near Jarrettsburg Has Many Pupils—Girls Study Botany and Learn to Hoe, Plant and Gather Vegetables.

The Pennsylvania School of Horticulture for Women, near Jarrettsburg, is one of the unique institutions in this country as well as a particular pet of the women interested in the broad sphere of their sisters. While the school was only opened in February its fame has spread abroad, and applications for admission have been received from all parts of the country, including the Hawaiian Islands and Canada. Each Saturday since spring started delegations of women and various club representatives have attended the "at homes" and tramped over the gardens.

It is now the garden-making season, and the young women "scholars" trundle their own wheelbarrows from flower bed to truck patch, wheeling manure, and gathering up weeds. Gloves to protect "pretty" hands is not one of the specialties of the school, and the feminine gardeners of the future must pull weeds and let their unpainted fingers oft-times become grimy.

But to the school itself. It offers practical training and theoretical instruction, the courses providing scientific work in botany, chemistry, geology and entomology in so far as they are applicable to gardening and floriculture. The farm belonging to the school consists of 71 acres, situated on high ground, and all under cultivation. An apple orchard, seven acres of asparagus, a vineyard of 250 vines and about two acres of strawberries are in high state of cultivation. There are also peach and nut trees, and the soil is said to be good for peaches and other small fruits as well.

REAL ESTATE**GUILD WILL BUY PROPERTY**

Green Street Meeting House Will be Used for Friends' Charity.

The session of Philadelphia Quarterly Meeting last Seventh-day, discussed methods of raising funds to buy the Green Street Meeting property for the uses of the Friends' Neighborhood Guild, now occupying cramped quarters at 151 Fairmount avenue.

A report was received from Green Street Meeting, saying that the trustees would sell the property for its assessed value, \$68,000, and would contribute 25 per cent. of this amount toward the purchase money. If the Quarterly Meeting became the purchaser, the Quarterly Meeting agreed to accept title to the property as soon as the money is raised. The Philadelphia Committee, which has had the matter in hand, reported that it now has \$25,000, leaving but \$43,000 yet to be contributed.

The annual expense of running the guild is \$125. It is estimated that double this sum will be needed yearly if the Green Street property is purchased, but it is believed that the interest in the work will make it easy to raise the increased amount.

MRS. BAYARD BUYS RYDAL HOUSE

William H. West has sold the residence, known as Cloverly House, on Susquehanna street road, Rydal, with two acres of ground, to Mrs. James H. Bayard, of Germantown, for a consideration not disclosed. The sale was negotiated by Jerkness & Stinson, real estate brokers. The property is one of the oldest in this section, and after extensive alterations will be occupied by Mrs. Bayard as her residence. In the immediate vicinity are the residences of G. G. Meade Large, Robert Sewell, J. Cunningham Stevens, C. B. Newbold and W. W. Frazier. The property is also adjacent to the Hunt, Ingdon Valley golf links.

Ground has been broken for a new Lutheran church at Kulpsville, Montgomery county.

John Burton has about completed the erection of a large new green house at Wyndmoor.

Henry Specht has a contract for alterations to the residence of Harry M. Nathan at Rydal.

Judge Carr has made many alterations and improvements to his newly purchased property at Penllyn.

James Barless is building a fine suburban house on a portion of the Sharpless tract, Cheltenham township.

The erection of a block of eight houses at the corner of Eleventh and Juniper streets, Quakertown, is about to be commenced.

Albert Vandegriff, agent of West Ambler, in the near future will erect a large green house on his lot at Railroad avenue and Oak street.

Wrightstown Monthly Meeting of Friends has purchased of Hugh I. Hund, about two acres of land adjoining the new part of their graveyard.

J. Watson Craft, of Ambler, will shortly commence the erection of a dwelling on his lot adjoining the property of S. S. Cassel, at Flourtown. The building has been awarded to Justus W. Lutz, of Penllyn.

Charles Sinker has purchased, through Maurice J. Hoover, real estate broker, a plot of ground on the Hewett tract, at the corner of Mill road and Royal avenue, Wyncoffe, Pa., on which he will build a residence, adjoining that of his mother's, Mrs. Wharton Sinker.

Henry C. Biddle, real estate broker, of Ambler has sold for Edward Coleman, his farm on the Morris road, in Upper Gwynedd township, formerly to Jarrett farm to Mary Piper, of Philadelphia, who will take possession soon, improve the property and make the same her residence.

J. B. Martin, contractor and builder, has the contract for the erection of six houses at Penllyn for Harold G. Knight. Mr. Martin has just finished the first house, at the corner of Knight on Maple street, Ambler, and is about completing seven houses for William Evans on Oak street, West Ambler.

The handsome new \$30,000 church of the First Baptist congregation at Pottstown, was dedicated last Sunday. The edifice is one of the handsomest structures of the kind in that section.

The new building is of King-of-Prussia marble, and has beautifully stained glass windows. The seating capacity of the main auditorium is 400.

H. J. Dager, real estate agent, Ambler, reports: Sold for Arthur A. Fritz, of Centre Bridge, the real estate, license, furniture and fixtures of the Centre Bridge hotel property to Charles H. Reichert, Trenton, N. J., who takes possession of the property about June 7. Sold for Harold G. Knight, property No. 234 Maple street, West Ambler, to John Colburn, of West Ambler, who will take possession at an early date. Sold for No. 41, Chestnut Hill Heights, on Wiltonroad avenue, midway between Stanton avenue and Gordon's lane, to John Haegney of Broad Axe Possession June 1st.

The Wilmer Atkinson Company, publishers of the Farm Journal, are about to build a large printing house on the site now occupied by the old Orange Street Meeting House, at West Washington square and Locust street, Philadelphia. The meeting house occupies a lot 145 feet by 140 feet and was purchased about three years ago from the Society of Friends by Wilmer Atkinson, for a consideration of about \$50,000. It was announced at that time that the lot would eventually be used as a site for a printing house. Building & Shingler architects, have recently been commissioned to prepare plans for the building.

LARGER PHONE PLANT

Addition Made Necessary to Accommodate Increase in Business at Oak Lane.

Among the spring building activities is that of the Bell Telephone Company, which is constructing a one-story addition to the Oak Lane Central Office, 30 feet long at Seventh avenue and City Line. This addition is of brick, and will continue to the style of the rest of the buildings, all of which are fire-proof. The new equipment consists of three additional operators' sections, which will bring the total number of lines up to 2,000, with a possible ultimate capacity of 3,000 lines.

Both the old and the new buildings are so constructed that with the expected development of Oak Lane and surrounding places, another story can be added—thus materially increasing the capacity of the office.

An entire new power plant is also being installed, and a rearrangement is being made of the terminal room, giving additional equipment. The operators' retiring room is being enlarged so as to care more comfortably for these employees. The entrance is being changed to the centre of the building. The present change was due to quite a large increase in subscribers. The Oak Lane Central Office was built about 1894 and in 1905 there were 1,261 telephones—today there are 1,900 Bell Telephones in Oak Lane and vicinity.

CITY PAYS HIGH FOR LAND.

Biddle claimed \$65,000 for the land, but the jury found that the city, which gave him approximately \$21,000.

KEEP THE BALANCE UP.

It has been truthfully said that any disturbance of the even balance of health causes serious trouble. Nobody can afford to neglect his health, or to get tired easily, the least impeding of his system, weakness, or debility. The system needs a tonic, and it is about as well to get it at the best tonic of which we have any knowledge, in the form of a medicine. What this medicine has done in keeping the balance of health, gives it the same distinction as a preventive that it enjoys as a cure. Its early use has been found to be a preventive that a stitch in time saves nine. Take Hood's for appetite, strength, and endurance.

Pain in Heart

"For two years I had pain in my heart, back and left side. Could not draw a deep breath or lie on left side, and any little exertion would cause palpitation. Under advice I took Dr. Miles' Heart Remedy and Nerve. I took about thirteen bottles, am in better health than I ever was, and have gained 14 pounds."

MRS. LILLIE THOMAS, Upper Sandusky, Ohio.

For many years Dr. Miles' Heart Remedy has been very successful in the treatment of heart troubles, because of its tonic effect upon the heart nerves and muscles. Even in severe cases of long standing it has frequently prolonged life for many years after doctors had given up all hope, as proven by thousands of letters we have received from grateful people.

Dr. Miles' Heart Remedy is sold by all druggists. If the first bottle fails to benefit, your druggist will return your money.

A CALL LOAN.

Tale of Chaparral Banking and a Near Train Holdup.

By O. HENRY.

(Copyright, 1907, by the McClure company.)

In those days the cattlemen were the anointed. They were the gridders of the grass, kings of the line, lords of the sea, barons of beef and bone. They might have ridden in golden chariots had their tastes so inclined. The cattlemen were caught in a stampede of dollars. It seemed to him that he had more money than was decent. But when he had bought a watch with precious stones set in the case so large that they hurt his ribs and a California saddle with silver nails and Angora skin suaderos and ordered every body up to the bar for whisky—what else was there for him to spend money for?

Not so circumscribed in expedient for the reduction of surplus wealth were those lairds of the larri who had women folk to their name. In the breast of the rib spring set the genius of purse lightning may slumber

never, my brothers, does it become extinct. So out of the chaparral came Long Bill Longley from the Bar Circle branch on the Frío—a wife driven man—to taste the urban joys of success. Something like half a million dollars he had, with an income steadily increasing. Long Bill was a graduate of the camp and trail. Luck and thrift, a cool head and a telescopic eye for mavericks had raised him from cowboy to be a cowman. Then came the boom in cattle, and Fortune, stepping gingerly among the cactus thorns, came and emptied her cornucopia at the doorstep of the ranch. In the little frontier city of Chaparral Longley built a costly residence. Here he became a captive, bound to the chariot of social existence. He was doomed to become a leading citizen. He struggled for a time like a mustang in his first corral, and then he hung up his quirt and spurs. Time hung heavily on his hands. He organized the First National bank of Chaparral and was elected its president. One day a drapery man, wearing double magnifying glasses, inserted an official looking card between the bars of the cashier's window of the First National bank. Five minutes later the bank force was dancing at the beck and call of a national bank examiner. This examiner, Mr. J. Edgar Todd, proved to be a thorough one. At the end of it all the examiner put on his hat and called the president, Mr. William R. Longley, into the private office.

"Well, how do you find things?" asked Longley in his slow, deep tones. "Any brands in the roundup you didn't like the look of?"

"The bank checks up all right, Mr. Longley," said Todd, "and I find your loans in very good shape, with one exception. You are carrying one very bad bit of paper, one that is so bad that I have been thinking that you surely do not realize the serious position it places you in. I refer to a call loan of \$10,000 made to Thomas Merwin."

examiner was surprised to see a smile creep about the rugged mouth of the banker and a kindly twinkle in his light blue eyes. If he saw the seriousness of the affair it did not show in his countenance.

"Of course you don't know Tom Merwin," said Longley almost gently. "Yes, I know about that loan. It hasn't any security except Tom Merwin's word. Somehow I've always found that when a man's word is good it's the best security there is. Oh, yes, I know the government doesn't think so. I guess I'll see Tom about that note."

Mr. Todd's dyspepsia seemed to grow suddenly worse. He looked at the chaparral banker through his double magnifying glasses in amazement. "You see," said Longley, easily explaining the thing away, "Tom heard of 2000 head of two-year-olds down near Rocky ford, on the Rio Grande, that could be had for \$8 a head. I reckon 'was out of old Longley's clutches' that he had smuggled over, and he wanted to make a quick turn on 'em. Those cattle are worth \$15 on the hoof in Kansas City, Tom knew it, and I knew it. He had \$10,000, and I let him have the \$10,000 to make the deal with. His brother Ed took 'em on to market three weeks ago. He doesn't be back until any day now with the money. When he comes Tom'll pay that note."

The bank examiner was shocked. It was perhaps his duty to stop out to the telephone office and wire the situation to the controller. But he did not. He talked pointedly and effectively to Longley for three minutes. He succeeded in making the banker understand that he stood upon the border of a catastrophe, and then he offered a tiny lullaby of escape.

"I am going to Hilldale's tonight," he told Longley, "to examine a bank there. I will pass through Chaparral on my way back. At 12 o'clock tomorrow I shall call at this bank. If this loan has been cleared out of the way by that time it will not be mentioned in my report. If not I will have to do my duty."

With that the examiner bowed and departed.

The president of the First National lounged in his chair half an hour longer, and then he lit a mild cigar and went over to Tom Merwin's house. Merwin, a ranchman in brown duck, with a contemplative eye, sat with his feet upon a table, playing a rawhide quirt.

"Tom," said Longley, leaning against the table, "you heard anything from Ed yet?"

"Just yet," said Merwin, continuing his playing. "I guess Ed'll be along back now in a few days."

"There was a bank examiner," said Longley, "moving around our place today, and he backed a right about that note of yours. You know I know it, all right, but the thing is against the banking laws. I was pretty sure you'd have paid it off before the bank was examined again, but the son of a gun slipped in on us. Tom, I'm short of cash myself just now, or I'd let you have the money to take it up with. I've got till 12 o'clock tomorrow, and then I've got to show the cash in place of that note or—"

"Or what, Bill?" asked Merwin, as Longley hesitated.

"Well, I suppose it means he jumped on with both of Uncle Sam's feet."

"I'll try to raise the money for you on time," said Merwin, interested in his playing.

"All right, Tom," concluded Longley as he turned toward the door. "I knew you would if you could."

Merwin threw down his whip and went to the only other bank in town a private one run by Cooper & Craig.

"Cooper," he said to the partner by that name, "I've got to have \$10,000 today or tomorrow. I've got a house and lot here that's worth about \$6,000 and that's all the actual collateral."

Cooper began to cough.

"Now, for God's sake don't say no," said Merwin. "I owe that much money on a call loan. It's been called, and the man that called it is a man I've loaned on the same blanket with in cow camps and ranger camps for ten years. He can call anything I've got. He can call the blood out of my veins and it'll come. He's got to have the

money. He's in a devil of a—well, he needs the money, and I've got to get it for him. You know my word's good, Cooper."

"No doubt of it," assented Cooper gravely, "but I've a partner, you know. I'm not free in making loans. And even if you had the best security in your hands, Merwin, we couldn't accommodate you in less than a week. We're just making a shipment of \$15,000 to Meyer Bros. in Rockford to buy cotton with. It goes down on the narrow gauge tonight. That leaves our cash quite short at present. Sorry we can't arrange it for you."

Merwin went back to his little bare office and plaited at his quirt again. About 4 o'clock in the afternoon he went to the First National and leaned over the railing of Longley's desk.

"I'll try to get that money for you tonight—I mean tomorrow, Bill."

"All right, Tom," said Longley quietly. At 9 o'clock that night Tom Merwin stepped cautiously out of the small frame house in which he lived. It was near the edge of the little town, and few citizens were in the neighborhood at that hour. Merwin wore two six-shooters in a belt and a slouch hat.

He moved swiftly down a lonely street and then followed the sandy road that ran parallel to the narrow gauge track until he reached the water tank, two miles below the town. There Tom Merwin stopped, tied a black silk handkerchief over his forehead, and pulled his hat down low.

In ten minutes the night train for Rockford pulled up at the tank, having come from Chaparral.

With a gun in each hand Merwin raised himself from behind a clump of chaparral and started for the engine. But before he had taken three steps two long, strong arms clasped him from behind, and he was lifted from his feet and thrown, face downward, upon the grass. There was a heavy knee pressing against his back and an iron hand grasping each of his wrists. He was held thus, like a child, until the engine had moved with accelerating speed out of sight. Then he was released and rose to his feet to face Bill Longley.

"The case never needed to be fixed up this way, Tom," said Longley. "I saw Cooper this evening, and he told me what you and him talked about. Then I went down to your house tonight and saw you come out with your guns on, and I followed you. Let's go back, Tom."

They walked away together side by side.

"'Twas the only chance I saw," said Merwin presently. "You called your loan, and I tried to answer you. Now what'll you do, Bill, if they sock it to you?"

"What would you have done if they'd socked it to you?" was the answer Longley made.

"I never thought I'd lay in a bush to stick up a train," remarked Merwin, "but a call with me. We've got twelve hours yet, Bill, before this spy jumps on to you. We've got to raise them spotdicks somehow. Maybe we can—Great Sam Houston! Do you hear that?"

Merwin broke into a run, and Longley kept with him, hearing only a rather pleasing whistle somewhere in the night rendering the lugubrious air of "The Cowboy's Lament."

"It's the only time he knows," shouted Merwin as he ran. "I'll bet—"

They were at the door of Merwin's house. He kicked it open and fell over an old valise lying in the middle of the floor. A surprised, firm jawed youth, stained by travel, lay upon the bed puffing at a brown cigarette.

"What's the word, Ed?" gasped Merwin.

"So so," drawled that capable youngster. "Just got in on the 9:30. Sold the bunch for fifteen straight. Now, buddy, you want to up in Rocky's line around that's got \$25,000 in greenbacks in its hands."

money. He's in a devil of a—well, he needs the money, and I've got to get it for him. You know my word's good, Cooper."

"No doubt of it," assented Cooper gravely, "but I've a partner, you know. I'm not free in making loans. And even if you had the best security in your hands, Merwin, we couldn't accommodate you in less than a week. We're just making a shipment of \$15,000 to Meyer Bros. in Rockford to buy cotton with. It goes down on the narrow gauge tonight. That leaves our cash quite short at present. Sorry we can't arrange it for you."

Merwin went back to his little bare office and plaited at his quirt again. About 4 o'clock in the afternoon he went to the First National and leaned over the railing of Longley's desk.

"I'll try to get that money for you tonight—I mean tomorrow, Bill."

"All right, Tom," said Longley quietly. At 9 o'clock that night Tom Merwin stepped cautiously out of the small frame house in which he lived. It was near the edge of the little town, and few citizens were in the neighborhood at that hour. Merwin wore two six-shooters in a belt and a slouch hat.

He moved swiftly down a lonely street and then followed the sandy road that ran parallel to the narrow gauge track until he reached the water tank, two miles below the town. There Tom Merwin stopped, tied a black silk handkerchief over his forehead, and pulled his hat down low.

In ten minutes the night train for Rockford pulled up at the tank, having come from Chaparral.

With a gun in each hand Merwin raised himself from behind a clump of chaparral and started for the engine. But before he had taken three steps two long, strong arms clasped him from behind, and he was lifted from his feet and thrown, face downward, upon the grass. There was a heavy knee pressing against his back and an iron hand grasping each of his wrists. He was held thus, like a child, until the engine had moved with accelerating speed out of sight. Then he was released and rose to his feet to face Bill Longley.

"The case never needed to be fixed up this way, Tom," said Longley. "I saw Cooper this evening, and he told me what you and him talked about. Then I went down to your house tonight and saw you come out with your guns on, and I followed you. Let's go back, Tom."

They walked away together side by side.

"'Twas the only chance I saw," said Merwin presently. "You called your loan, and I tried to answer you. Now what'll you do, Bill, if they sock it to you?"

TO OUR SUBSCRIBERS

Under a ruling of the Post
Office Department, at Washing-
ton, which went into effect on
January 1, 1908, publishers of
weekly newspapers are not per-
mitted to extend credit to a sub-
scriber for a longer period than
one year. Names of subscribers
who have not paid their subscrip-
tion for a period of one year or
more must be taken off the list
or the publisher is liable to a
penalty.

We are therefore sending out
our bills to all subscribers who
owe a year or more, and have
instructed our collector, Edwin
Kirk, to call on them, bringing to
their attention those from whom
he collects.

Prompt settlement is urged,
or accounts must be placed in
the hands of attorneys.

We have no choice in this
matter as much as we would be
willing to favor certain cases.

The SPIRIT must comply
with this ruling of the United
States Government.

AT THE RECENT MEETING OF
the Hathoro and Warmistown Turnpike
Company, which owns York road
through Hathoro, a report was made
that the crusade of the Hathoro
authorities against motorists was cut-
ting down toll receipts. No action was
taken, but the company feels the loss
of revenue and will be obliged to take
some steps to meet the conditions.

For years Hathoro has been in the
enviable position of having its main
street kept in good order at no expense
to the taxpayers. To keep up its road,
way the company must have revenue
and it naturally feels that Hathoro,
a beneficiary of its liberal policy, should
not do anything to cut down its re-
ceipts. Therefore, it feels that it is
policy toward the borough.

Is it wise to bring about a condition
that is bound to increase Hathoro's
expenses?

Think it over, taxpayers!

A MOVEMENT IS ON FOOT to
make Senator Penrose Republican
National Chairman for the coming
campaign.

When it comes to political man-
agement the Pennsylvania Republican
leaders, of whom Senator Penrose is
the foremost, have a reputation that
is nation wide.

It is going to be a difficult job
to elect a Republican President next
time but the Pennsylvania plan will do it
anything can.

By all means make Senator Penrose
chairman.

GOVERNOR TURNER ON THURSDAY
approved a bill which will bring
millions of dollars' worth of school
bonds under the power of the State
for taxation purposes. The measure

is designed to assist in raising addi-
tional revenue. It requires the treas-
urer of each school district and chief
officer of each incorporated district to
make report under oath to the Auditor
General of the amount of bonds or
other evidences of indebtedness out-
standing in their respective dis-
tricts in order that they may be taxed.

Glenide and Edge Hill

Mrs. Ellen Linnard, of Linnard ave-
nue, spending the week with friends
in South Jersey.

Mrs. Winthrop Smith, of Philadel-
phia, was a week end guest of Mr.
and Mrs. Harold B. Smith.

Miss Lillian J. Wilson, of Mt. Car-
mel avenue, was a Saturday and Sun-
day visitor at Atlantic City, N. J.

Miss Ellen Linnard, of Woodlyn ave-
nue, entertained friends from Phila-
delphia on Tuesday of this week.

W. W. Harrison received a consign-
ment of fine horses on Tuesday, which
were unloaded at the freight station.
Miss Dora Sharp, of Wyncote, was
the guest of Miss Frances Short of
Linnard avenue, on Wednesday of this
week.

Mrs. Ellen Linnard is having her
home on Linnard avenue repainted,
which makes quite an improvement to
this pretty little property.

Edmund J. Bartlett and family, of
Keewick avenue, near Oakdale ave-
nue, will shortly move to St. Louis,
Mo., where they will make their home.

The additional shrubbery and the
Nashville property on Woodlyn avenue
have made the property one of the
nicest on that street.

The Park on the addition to the
freight station is being rapidly push-
ed forward as the room is badly need-
ed at this time of the year, owing to
the large amount of freight handled.

From the looks of the different fruit
trees in this section there ought to
be an abundance of fruit, which will
be the case, as the weather is so late
this year, the weather not having been
to work the ground.

House cleaning time has made a de-
mand for paperhangers and about all
one can get is a promise to do the
work at a later date as the paper-
hanger is a busy man at present and
everyone wants his work done first.

Mrs. Sarah Morgan and Miss Scott
will shortly leave for the Montgome-
ry Hotel, where they will reside until
after which time they will take up a re-
sidence in California. Their property
on Mt. Carmel avenue was recently
sold.

The Willow Grove pike between the
railroad and Waverly road is about
the last place to be bid at yet, it
needs it the most, being the heaviest
traveled section. Whoever has charge
of this matter should give it some at-
tention.

There will be a vaudeville and mov-
ing picture show given under the
auspices and for the benefit of the
Edge Hill Fire Company, on Thursday,
Friday and Saturday evenings of this
week, at Edge Hill. A special feature
will be trained animals.

The minstrel show given by the mil-
itary company of Carmel church last
Friday evening in the Waverly school
house was a decided success, as the
building was taxed to its utmost ca-
pacity and the boys' acrobatics were
about \$75 was realized on the entertain-
ment.

There is some talk of forming a ball
team to play into the Montgomery
County League, and without doubt the
same will be started if the grounds
can be secured while the Glenide
team of the North Penn League is
away from home. This would be a
team of almost all local players and
some of the sports hereabouts think
that they could win the flag.

The Willow A. C. was defeated by
the Cheltenham High School team last
Saturday afternoon by the score of
3 to 2 in a very exciting and well
played game. The game was for
blood and W. A. C. did not like the
idea of losing. The feature of the
game was a home run by Lorimer for
Cheltenham which settled the game.
Bux Doyle played a fine game at first
for W. A. C.

Glenide ball team will play the
Shuethanna team tomorrow, the cham-
pions of the Twin County League, on Saturday
afternoon and a great game is ex-
pected, one that will thoroughly try out
the local talent. This will be the last
game before the opening game in the
North Penn League at which time
Glenide will play Doylestown at Doyle-
stown. Last Saturday Glenide in-
cluded in a practice game between the
yankins and the regulars, which was
won by the yankins by a close score.

the church.

1000 eggs. Mr. Barlow has 1000 eggs
still hatching and expects to set 1000
eggs more the coming week.

The court has appointed John V.
Snyder as minority inspector for the

under treatment for some time at the
Chestnut Hill hospital, has returned
to her home, near Flourtown.

The Montgomery County Commis-
sioners will lay a cement pavement
600 feet in length above the Fifth
street bridge over Manatawney Creek
at Pottstown.

The question of a monument to be
erected to the memory of Robert Mor-
ris and the establishment of a Na-
tional Park surrounding it, at Morris-
ville, is being stirred up again.

Jointly celebrating the 142nd anni-
versary of the founding of the Frank-
lin Presbyterian church and the
ninety-third of the Sunday school, the
congregation held interesting exer-
cises Sunday.

The introduction of the duplex en-
velope system in the Doylestown
Presbyterian church has enabled the
congregation to raise over \$1000 more
money during the last year than in
previous years.

Albert Fisher, of Rushland, while
working with some machinery on
Monday morning, had a big split

go to a doctor to have it removed and
the wound dressed.

building to be used as a kitchen and
dining room when holding festivals.

Alfred Merriek, a young Sioux In-
dian, was taken into custody at a

serious character.

Ivyland folks are assured that the Jacksonville road is to be macadamized by State aid. This road is very bad in winter and makes light driving or motor almost impossible for many months. We hope the improvement will soon be made.

HATBORO HOME HAPPENINGS

BUSINESS MEN'S MEETING.

The meeting of the Hatboro Business Men's Association, in Town hall on Thursday night, was taken up with heart to heart talks, debates and heated arguments.

President Dr. Thomas Reading was in the chair and Secretary Cornell read the minutes. Perhaps the best news of the evening was that given by Charles Deckerman, chairman of the Public Service committee, who reported that he was given assurance that the 6.04 train, that some years ago left the terminal and ran as far as Ivyland, would be again installed. This train is of great importance to those employed in the city, getting to their homes at a reasonable hour.

A petition was presented, signed by a number of property owners in the borough, asking Council to open Moreland avenue west. To do this as petitioned, it would be necessary to take about half of the A. F. Haring street which is owned by George R. Todd, and the cost to the borough would be large. After considerable debate a motion to have the chair appoint a committee of three to wait on council, and to ask that body to ascertain the cost of this improvement. The committee named are Reuben Hochman, George C. Yerkes and Thomas Cromley.

A letter from Ezra P. Carrell, urging upon the association the importance of the Sproul Road law, now before the Legislature, was read. Paul Jones was made a committee to confer with Senator Heacock and Representative Fitzgerald urging their voting for this measure.

Among its objects the improving of York road.

James Halliwell was elected a member of the association and it was at this meeting that the quarter's dues of 75 cents were due.

It was at this point that a heated debate in which Council was censured for the rigid enforcement of the automobile law and the Public Spirit was criticized by some for its attitude toward Council. A committee consisting of W. W. Carr, W. C. Stover and C. Stover was appointed to confer with Council to see if they could be prevailed upon to modify their enforcement of this law.

The porches at the residences of Mrs. James Van Horn and S. J. Garner on Byberry avenue, are being repaired.

There will be a meeting of the board of directors of the Athletic Association in the Town hall this Friday evening. All those interested are urged to attend.

The C. E. meetings of the Baptist church are held on Tuesday evenings at eight o'clock in the church. All young people are earnestly invited to be present.

Mr. and Mrs. Mahlon Buskirk and daughter, Marion, and Mr. and Mrs. William Yerkes, of Philadelphia, were Sunday guests of Mrs. Joseph B. Yerkes and family.

The monthly meeting of W. K. Bray Lodge, F. and A. M., was held on Wednesday evening and one of the largest attendance of the year was present. Over one hundred members being present.

At 10.30 a. m. Sunday, "Mother's Day" will be observed in the Baptist church, a sermon appropriate to the occasion will be preached, 7.45 p. m. the sermon topic will be, "Two Questions." Rev. F. C. Colby, the pastor.

Rev. H. F. Auld, William Corwell, Edgar J. Doyle and Samuel Gwyther were delegates to the Men's Missionary meeting held in the Academy of Music last Friday night. They joined at Willow Grove by Rev. Mr. Dickinson.

The first batch of autists charged with oversteering on York road this morning, were given hearings on Thursday. The crusade, which many of our citizens hoped would be a short one, is therefore resumed. Notorious should keep away from Hatboro.

This week the borough put men to work on Byberry avenue, brushing the soil into heaps and then carting it away. This street was surfaced last year with an alleged soft settling mass, at considerable extra cost. But evidently it was a failure as the street has been very dusty.

The Dager-Bobinson Automobile Company report the sale of two automobiles this week. One, a E. M. F. touring car, fully equipped, with top, front and speedometer, sold to Charles Stackhouse, of Horsham; the other, a fully equipped Cadillac touring car to E. C. Hammon, of Ogontz. The business at the D & R garage is quite encouraging.

Isaac J. B. Carr, aged 81 years, died at the home of his son-in-law, John Mantz, on Byberry avenue, on Monday evening, from apoplexy. His funeral was held on Thursday, services in the M. E. church, interment at Neshaminy cemetery. Mr. Carr spent most of his life in Horsham township, where he was a prominent citizen, serving in several township offices at different periods. He was respected by all who knew him. Two daughters, Mrs. George Hill, of Horsham, and Mrs. John Mantz, of this borough, survive him. His wife died about a year ago.

The second meeting of the reorganized Woman's Christian Temperance Union of Hatboro was held at the Sunday school room of the Methodist church, Hatboro, on Wednesday, May 10th, at 3 p. m. Mrs. Shook, temporary president, was in the chair. In the absence of the secretary, Miss Loux, the minutes of the first meeting were read by Mrs. J. D. Moyer and approved. Several new members were added to the list. Two delegates were appointed to attend the semi-annual convention at Lansdale, June 1st, 1911. They were Mrs. Shook and Mrs. Carr, with Mrs. Colby and Elizabeth H. Comly, alternates. It was decided to meet alternately at the Baptist and Methodist Sunday school rooms, the second Wednesday in each month. Mrs. Heebner, of Lansdale, gave an interesting talk, followed by Mrs. Shook, of the same place. The election of a permanent president was deferred until next meeting, when will take place at the Baptist Sunday school room June 14th, at 3 p. m.

Edward Sporell, of Lansdale, visited in Hatboro on Wednesday.

Mrs. Mary Worthington and daughter, Lela, of Doylestown, spent Tuesday with Mr. and Mrs. Walter Ramsey.

Oliver Ely, who formerly was teacher at our public schools, was a visitor in the borough on Wednesday evening. An entertainment will be given in the Methodist Episcopal church next Friday night, May 19, for the benefit of the Sunday school.

While Miss Lettie Boutcher, of Abington, was in Hatboro on Sunday, she had the misfortune of losing her pretty watch, for which a reward is being offered.

Mr. and Mrs. Charles A. Yerkes have returned to their home at Terwood, after spending the winter with their daughter, Mrs. Walter Ramsey, who has also recovered from a long illness.

In the Methodist Episcopal church next Sabbath, Mother's Day will be observed. J. Purman Shook, pastor. Morning at 10.30, "Human Benefactor." Evening at 7.45, "Mother." Everybody welcome. A violin solo will also be rendered at the evening service.
